relating to the

[AFB Master Agreement for foreign exchange and derivative transactions (version 1994)] / [FBF Master Agreement relating to transactions on forward financial instruments (version [2001/2007/2013])]², as may be amended and/or supplemented from time to time

dated ………………………

¹ This 2022 Collateral Transfer Agreement has been prepared for use in conjunction with (to the extent both Parties intend to provide IM to the other Party via Clearstream) two separate FBF 2022 Clearstream Security Agreements governed by Luxembourg law (each of which will be entered into by Party A and Party B, one with Party A as Security-provider and one with Party B as Security-provider). Paragraph 13 (Elections and variables) provides wording if a counterparty pairing wish to use this Agreement to cover only one collateral posting leg (see “One Way Provisions”). Users should consult their legal advisers as to the proper use and effect of this form and the arrangements it contemplates.

between Party A and Party B (the "Master Agreement").

This Agreement is entered into in relation to:

(1) the Master Agreement;

(2) the Party A Security Agreement (as amended, restated and/or supplement from time to time); and

(3) the Party A Security Agreement (as amended, restated and/or supplement from time to time),

subject to the One Way Provisions (if applicable under Paragraph 13 (Elections and variables)), in which event no Party A Security Agreement or Party B Security Agreement (as the case may be) shall be entered into by the Parties in connection with this Agreement (and references to such security agreement shall be disregarded for the purposes of interpreting the provisions of this Agreement).

Accordingly, the Parties agree as follows:

1. **INTERPRETATION**

1.1 **Definitions and Inconsistency**

Capitalised terms not otherwise defined herein or elsewhere in this Agreement have the meanings specified pursuant to Paragraph 12 (Definitions), and all references in this Agreement to Paragraphs are to Paragraphs of this Agreement. Capitalised terms used but not defined in this Agreement have the meanings specified in the Clearstream Agreements, the Security Agreements and/or the Master Agreement, as applicable. In the event of any inconsistency between this Agreement and the Master Agreement or any Other Collateral Annex, this Agreement will prevail in the case of (i) matters concerning regulatory initial margin requirements relating to Covered Transactions posted by a Security-provider and (ii) specific amendments made herein to the Master Agreement, including the Schedule to the Master Agreement or any Other Collateral Annex, and in the event of any inconsistency between Paragraph 13 (Elections and variables) and the other provisions of this Agreement, Paragraph 13 (Elections and variables) will prevail. In the event of any inconsistency between the provisions of this Agreement and a Security Agreement, the provisions of this Agreement will prevail.

1.2 **Security-taker, Security-provider and Collateral Valuation Agent**

(a) Unless otherwise specified in Paragraph 13 (Elections and variables), all references in this Agreement to the “Security-taker” will be to either Party when acting in that capacity and all corresponding references to the “Security-provider” will be to the other Party when acting in that capacity.

(b) To the extent that, in respect of a Security-provider and its posting obligation, the Collateral Valuation Agent for such posting obligation is designated in Paragraph 13 (Elections and variables) to be the Security-taker and not Clearstream, all references in this Agreement to the “Collateral Valuation Agent” in relation to such posting obligation will be to such Security-taker when acting in that capacity (including through such Party’s designee acting as agent on behalf of such Party (as principal), if applicable). For the avoidance of doubt, a Party to this Agreement that is designated as the Collateral Valuation Agent will be liable for the acts or omissions of its designee to the same extent that it would be liable for its own acts or omissions hereunder (and, for the purposes of any notification of a determination as required under this Agreement, such Party will be responsible for procuring that its designee notifies the other Party to this Agreement and Clearstream of such determination).
Any Eligible Collateral transferable by Party A as “Security-provider” under this Agreement shall be transferred into the relevant Party A Secured Account and be subject to the security interest created pursuant to the Party A Security Agreement.

Any Eligible Collateral transferable by Party B as “Security-provider” under this Agreement shall be transferred into the relevant Party B Secured Account and be subject to the security interest created pursuant to the Party B Security Agreement.

1.3 Scope of this Agreement

The only “Transactions” governed by the Master Agreement which will be relevant for the purposes of determining a Margin Amount (IM) under this Agreement with respect to a posting obligation of a Security-provider will be the relevant Covered Transactions specified in accordance with the provisions of Paragraph 13 (Elections and variables). Except as expressly provided herein, nothing in this Agreement will affect the rights and obligations, if any, of either Party under the Master Agreement or any Other Collateral Annex.3

1.4 Amendment Effective Date

Unless otherwise specified in Paragraph 13 (Elections and variables), any specific amendments made herein to the Master Agreement, including the Schedule or any Other Collateral Annex, will become effective as of the Amendment Effective Date.

1.5 Gross Settlement

All payments and deliveries to be made by a Party pursuant to the terms of this Agreement will be settled without set-off, netting or other discharge against any payments or deliveries to be made on the same day to such Party by the other Party under this Agreement.

1.6 Interpretation

In this Agreement, except to the extent that the context requires otherwise and unless otherwise specified in Paragraph 13 (Elections and variables):

(a) References to a law, statute or statutory provision include:

(i) such law, statute or statutory provision as from time to time amended, modified, reenacted or consolidated whether before or after the date of this Agreement; and

(ii) any subordinate legislation from time to time made, amended, modified, re-enacted or consolidated, whether before or after the date of this Agreement under any such law, statute or statutory provision.

Notwithstanding the foregoing, for the purposes of determining (i) if a Transaction under the Master Agreement is a Covered Transaction and (ii) what version of any standardised initial margin schedule applies to a particular Transaction (if the Parties have otherwise agreed to apply such standardised initial margin schedule to such Transaction), the relevant law, statute, statutory provision or subordinate legislation will be such law, statute, statutory provision or subordinate legislation as in effect on the date the relevant Transaction was entered into.

3As this Agreement may amend another agreement, Parties should ensure that any relevant formalities required to amend such agreement are complied with.
(b) References to sub-paragraphs or Paragraphs are references to such provisions of this Agreement. References to a sub-paragraph are references to the relevant sub-paragraph of the Paragraph in which it appears.

(c) References to Articles of the Clearstream Agreements include references to similar successor provisions of such Clearstream Agreements.

(d) Use of the singular shall include the plural and vice versa. Words denoting any gender shall include any other gender.

(e) Headings are for ease of reference only and shall be ignored in interpreting this Agreement.

(f) References to an agreement, deed, instrument, licence, code or other document (including this Agreement or the Clearstream Agreements), or to a provision contained in any of these, shall be construed, at the particular time, as a reference to it as it may then have been amended, varied, supplemented, modified, suspended, assigned or novated.

(g) References to a time of day are to Luxembourg time unless otherwise stated.

(h) The language which governs the interpretation of this Agreement is the English language. All notices to be given by any Party and all other communications and documentation which are in any way relevant to this Agreement or the performance or termination of this Agreement shall be in the English language.

(i) The words include and including are to be construed without limitation.

(j) A reference to a law includes common or customary law and any constitution, decree, judgment, legislation, order, ordinance, regulation, rule, statute, treaty or other legislative measure, in each case of any jurisdiction whatever.

(k) A reference to any Party includes its successors in title, permitted assigns and permitted transferees.

(l) A reference to transfer means, in relation to cash, payment and, in relation to other assets, delivery and, in relation to Eligible Collateral or Posted Collateral, includes a transfer made in accordance with Paragraph 3.2 (Transfers).

(m) A reference to Posted Collateral being held by the Security-taker (in relation to a Security-provider’s posting obligation) includes any Posted Collateral credited to the relevant Secured Account under the Clearstream Agreements and pledged in favour of the Security-taker (as pledgee) under the relevant Security Agreement.

1.7 Payments and deliveries

If a payment or a delivery under this Agreement would otherwise be due on a date which is not a Local Business Day (as defined under this Agreement), such payment or delivery (as appropriate) shall instead fall due on the first Local Business Day falling after such date.

1.8 Acknowledgements

The Parties acknowledge and agree that:

(a) the following documents are in each case a Credit Support Document in relation to the Master Agreement:

(i) this Agreement;

(ii) the Party A Security Agreement; and

(iii) the Party B Security Agreement, and

(b) this Agreement together with the relevant Security Agreement for a Security-provider constitutes the “Collateral Agreement” for the purposes of the CMSA under which such Security-provider is “Collateral Giver”.

2. CREDIT SUPPORT OBLIGATIONS

2.1 Delivery Amount

Subject to Paragraphs 3 (Conditions Precedent, Transfers, Calculations and Substitutions) and 4 (Dispute Resolution), if the Delivery Amount applicable to the Security-provider for a Transfer Date equals or exceeds the Security-provider’s Minimum Transfer Amount, then on the Transfer Date the Security-provider will transfer to the relevant Secured Account (secured for the benefit of the Security-taker) Eligible Collateral having a Value as of the related Collateral Valuation Date at least equal to the applicable Delivery Amount. The Delivery Amount applicable to the Security-provider for any Transfer Date will equal the amount by which:

(a) the Credit Support Amount applicable to the Security-provider exceeds

(b) the Value as of the related Collateral Valuation Date of all Posted Collateral held by the Security-taker (as adjusted to include any prior Delivery Amount and to exclude any prior Return Amount, the transfer of which, in either case, has not yet been completed and for which the relevant Transfer Date falls on or prior to such Collateral Valuation Date).

2.2 Return Amount

Subject to Paragraphs 3 (Conditions Precedent, Transfers, Calculations and Substitutions) and 4 (Dispute Resolution), if the Return Amount applicable to the Security-taker for a Transfer Date equals or exceeds the Security-taker’s Minimum Transfer Amount, then on the Transfer Date the Security-taker will transfer (from the relevant Secured Account secured for its benefit) Posted Collateral to the Security-provider having a Value as of the related Collateral Valuation Date as close as practicable to (but not more than) the applicable Return Amount. The Return Amount applicable to the Security-taker for any Transfer Date will equal the amount by which:
the Value as of the related Collateral Valuation Date of all Posted Collateral held by the Security-taker (as adjusted to include any prior Delivery Amount and to exclude any prior Return Amount, the transfer of which, in either case, has not yet been completed and for which the relevant Transfer Date falls on or prior to such Collateral Valuation Date) exceeds

(b) the Credit Support Amount applicable to the Security-provider.

2.3 **Margin Amount (IM); Margin Amount (IA); Margin Approach**

(a) **Margin Amount (IM)** means, as of any Observation Date, for a posting obligation of a Security-provider under a Regime, the Base Currency Equivalent of an amount equal to the sum of the initial margin amounts in respect of the Covered Transactions determined using the Method specified as applicable to such Regime in Paragraph 13 (Elections and variables).

(b) **Margin Amount (IA)** means, as of any Observation Date, for a posting obligation of a Security-provider, the Base Currency Equivalent of an amount equal to the sum of the Specific Collateral and/or Independent Amounts (as defined in any Other Collateral Annex) applicable to the Security-provider and any other amounts applicable to the Security-provider (other than any amounts in respect of Margin Amount (IM) or Exposure), however described, intended by the Parties to operate as a Specific Collateral and/or Independent Amounts, if any, after taking into account any relevant Threshold applicable to the Security-provider and any other relevant amounts applicable to the Security-provider, however described, intended by the Parties to operate as a Threshold but prior to giving effect to any other applicable deduction, discharge or netting of such amounts, under or in relation to the Master Agreement, as determined and reported by the Party responsible for calculating such amounts. For the avoidance of doubt, in order to determine the amounts “applicable to the Security-provider” for the purposes hereof, the Parties will take into account the effect of any conditions precedent applicable to such amounts.

(c) **Margin Approach.** The Parties have agreed, in Paragraph 13 (Elections and variables), to implement one of the following approaches (each a Margin Approach) with respect to the relationship between Margin Amount (IM) and Margin Amount (IA).

(i) If the “Distinct Margin Flow (IM) Approach” is specified as applicable in Paragraph 13 (Elections and variables), the following provisions will apply:

(A) **Credit Support Amount** means, with respect to a Party as the Security-provider and its posting obligation, as of any Observation Date in respect of a related Transfer Date, (I) the Margin Amount (IM) applicable to the Security-provider, if any, minus (II) the Security-provider’s Threshold (IM) as of such Observation Date; provided, however, that the Credit Support Amount will be deemed to be zero whenever the calculation of the Credit Support Amount yields a number less than zero.

---

4If the Parties do not currently exchange Margin Amount (IA), each of the three Margin Approaches will yield the same Credit Support Amount. In such a case, the Parties should agree on the Margin Approach they would want to apply in the event they exchange Margin Amount (IA) in the future.
(B) **No Amendment to Obligations in respect of Margin Amount (IA).**
The posting obligation of a Security-provider in respect of any amount that constitutes a Margin Amount (IA) under any Other Collateral Annex shall not be affected or amended in any way by the provisions of this Agreement.

(ii) If the “**Allocated Margin Flow (IM/IA) Approach**” is specified as applicable in Paragraph 13 (*Elections and variables*), the following provisions will apply:

(A) **Credit Support Amount** means, with respect to a Party as the Security-provider and its posting obligation, as of any Observation Date in respect of a related Transfer Date, (I) the Margin Amount (IM) applicable to the Security-provider, if any, minus (II) the Security-provider’s Threshold (IM) as of such Observation Date; provided, however, that the Credit Support Amount will be deemed to be zero whenever the calculation of the Credit Support Amount yields a number less than zero.

(B) **Amendment to Obligations in respect of Margin Amount (IA).** The posting obligation of a Security-provider in respect of any amount that constitutes a Margin Amount (IA) under any Other Collateral Annex shall be reduced on an aggregate basis by the amount of the Security-provider’s Credit Support Amount; *provided, however*, that if, after such reduction, any such Margin Amount (IA) would be a negative amount, such Margin Amount (IA) will be deemed to be zero.  

(iii) If the “**Greater of Margin Flow (IM/IA) Approach**” is specified as applicable in Paragraph 13 (*Elections and variables*), the following provisions will apply:

(A) **Credit Support Amount** means, with respect to a Party as the Security-provider and its posting obligation, as of any Observation Date in respect of a related Transfer Date, the greater of (I) (1) the Margin Amount (IM) applicable to the Security-provider, if any, minus (2) the Security-provider’s Threshold (IM) as of such Observation Date and (II) the Margin Amount (IA); *provided, however*, that the Credit Support Amount will be deemed to be zero whenever the calculation of the Credit Support Amount yields a number less than zero.

(B) **Amendment to Obligations in respect of Margin Amount (IA).** The posting obligation of a Security-provider in respect of any amount that constitutes a Margin Amount (IA) under any Other Collateral Annex, other than such obligations of a Security-provider under this Agreement, shall be reduced to zero.  

2.4 **Additional Transfers under Clearstream Agreements**

If on any date the Collateral Valuation Agent is Clearstream and such date is not a Transfer Date but is a date on which Clearstream is open for the acceptance and execution of settlement instructions (a **Margining Date**), transfers shall be made under either Paragraph 2.1 (*Delivery* 

---

5Parties should (i) ensure that any relevant formalities required to amend any Other Collateral Annex are complied with and (ii) consider the impact of these amendments on any Other Collateral Annex, including, but not limited to, in respect of any security interest granted thereunder.

6See footnote 5.
Amount) or 2.2 (Return Amount) (as applicable) in accordance with the Clearstream Agreements as if such Margining Date were a Transfer Date (whereupon the last determination of Credit Support Amount in respect of a Security-provider and its posting obligation for the immediately preceding Transfer Date shall be deemed to be the Credit Support Amount in respect of such Security-provider and such posting obligation for such Margining Date).

3. CONDITIONS PRECEDENT, TRANSFERS, CALCULATIONS AND SUBSTITUTIONS

3.1 Conditions Precedent

Unless otherwise specified in Paragraph 13 (Elections and variables), the Security-provider or the Security-taker, as the case may be, may suspend the performance of any of its transfer obligations under Paragraphs 2 (Credit Support Obligations) and 4 (Dispute Resolution) if, and to the extent that:

(a) an Event of Default or Specified Condition has occurred and is continuing with respect to the other Party; or

(b) a Termination Date has occurred or been designated for which any unsatisfied payment obligations (whether present, actual, future or contingent) exist which is in respect of all Covered Transactions.

3.2 Transfers

All transfers under this Agreement or any Security Agreement of any Eligible Collateral, Posted Collateral or Distributions will be made by Clearstream in accordance with the relevant Clearstream Agreements. For the avoidance of doubt, any obligation of the Security-taker to transfer Posted Collateral from the Secured Account will be deemed satisfied by such Security-taker complying with its obligations to provide instructions to Clearstream under Paragraph 3.3(c) (Calculation of Credit Support Amount and matching notifications to Clearstream) or Paragraph 4.1 (Disputed Calculations or Valuations) of this Agreement or Paragraphs 8.2 (Deficiencies and Excess Proceeds) or 8.3 (Final Returns) (or equivalent provisions) of the relevant Security Agreement under which the other Party is Security-provider (as applicable).

Any transfer made in accordance with this Paragraph 3.2 (Transfers) and the related Clearstream Agreements shall discharge and satisfy in full the transferring Party’s obligation to make such transfer under this Agreement or relevant Security Agreement (as applicable).

3.3 Calculation of Credit Support Amount and matching notifications to Clearstream

(a) On each Transfer Date, each Party (or, if specified as applicable in Paragraph 13 (Elections and variables), the Calculation Agent (IM)), will calculate the relevant Credit Support Amount in respect of a Security-provider and its posting obligation as of the related Observation Date and notify the other Party promptly of its determination of such Credit Support Amount on such Transfer Date (and in any event, not later than the Notification Time). For any calculation of Credit Support Amount by a Party (or the Calculation Agent (IM) (if applicable)), such Party (or the Calculation Agent (IM) (if applicable)) may use relevant information or data (including inputs for any applicable model specified in Paragraph 13 (Elections and variables) to determine the Margin Amount (IM) for certain Covered Transactions) most recently reasonably available for close of business in the relevant market(s) as of the Credit Support Amount Calculation Time.
Subject to Paragraph 4 (Dispute Resolution) in the event of a dispute in relation to a determination of the Credit Support Amount with respect to a Security-provider and its posting obligation, the Security-provider and Security-taker must provide matching instructions to Clearstream on the initial Transfer Date no later than the Notification Time in respect of the initial “Exposure” as defined under the Clearstream Agreements which “Exposure” relates to this Agreement and the relevant Secured Account in respect of such posting obligation (which shall equal the Credit Support Amount notified under Paragraph 3.3(a) (Calculation of Credit Support Amount and matching notifications to Clearstream) on the initial Transfer Date in respect of such posting obligation and determined as of the related Observation Date).

If on any Transfer Date the Credit Support Amount determined under Paragraph 3.3(a) (Calculation of Credit Support Amount and matching notifications to Clearstream) in respect of a Security-provider and its posting obligation as of the relevant Observation Date differs from the last Credit Support Amount in respect of such posting obligation as jointly notified via matching instructions to Clearstream as the “Exposure” in accordance with this Paragraph 3.3 (Calculation of Credit Support Amount and matching notifications to Clearstream) (such new Credit Support Amount being the Revised Credit Support Amount), (subject to Paragraph 4 (Dispute Resolution)) the Parties must, no later than the Notification Time on such Transfer Date, provide matching instructions to Clearstream in respect of such revised “Exposure” (which shall equal such Revised Credit Support Amount) under the Clearstream Agreements.

3.4 Calculations of Market Value and determination of Value

Subject to Paragraph 4 (Dispute Resolution), all calculations of Market Value (for the purposes of a determination of Value as of a Collateral Valuation Date under Paragraph 2 (Credit Support Obligations) in relation to a Transfer Date) will be made by the Collateral Valuation Agent as of the Value Calculation Time on the relevant Collateral Valuation Date.7

To the extent the Collateral Valuation Agent is not Clearstream, all such calculations under this Paragraph 3.4 (Calculations of Market Value and determination of Value) shall be submitted (whether by such Collateral Valuation Agent or its designee) to the other Party and Clearstream no later than the Valuation Deadline on the relevant Transfer Date provided that, if the Parties have made the relevant election under the Clearstream Agreements, Clearstream shall calculate the relevant Market Value in respect of an item upon any failure of such Collateral Valuation Agent to comply with the provisions hereunder. In the case of any calculation of Market Value, the Collateral Valuation Agent (to the extent it is not Clearstream) may use Market Values most recently reasonably available for close of business in the relevant market for the relevant Eligible Collateral as of the relevant Value Calculation Time.

The Parties acknowledge and agree that calculations of Market Value shall form the basis for the “Daily Exposure Report” to be delivered by Clearstream to the Parties which shall contain Clearstream’s determination of Value in respect of such Collateral Valuation Date (using (i) Market Values submitted by the Collateral Valuation Agent, if applicable, pursuant to Paragraph 3.4(b) (Calculations of Market Value and determination of Value) and (ii) the related applicable “margin rate(s)” to be applied by Clearstream under the Clearstream Agreements).

---

7Parties to ensure that, where the Collateral Valuation Agent is a designee of one of the Parties, the process for valuation of collateral can be applied (including that the definition of “Local Business Day” is appropriate).
3.5 **Substitutions**

With respect to a Secured Account and the related Security-provider’s posting obligation, Eligible Collateral may be substituted for Posted Collateral in accordance with, and subject to, the terms of the relevant Clearstream Agreements for such Security-provider.

4. **DISPUTE RESOLUTION**

4.1 **Disputed Calculations or Valuations**

If a Party (a **Disputing Party**) disputes: (I) the other Party’s (or the Calculation Agent (IM)’s (if applicable)) calculation of Credit Support Amount as notified to it on a Transfer Date in accordance with Paragraph 3.3(a) (**Calculation of Credit Support Amount and matching notifications to Clearstream**) or (II) the Collateral Valuation Agent’s calculation of the Market Value in relation to any item or items of Eligible Collateral (to the extent that the Collateral Valuation Agent is not Clearstream) as notified to it on a Transfer Date, then:

(a) the Disputing Party will notify the other Party (or the Calculation Agent (IM) (if applicable)) not later than (x) the Notification Time on the Transfer Date in the case of (I) above, or (y) close of business on the Local Business Day immediately following the Transfer Date in the case of (II) above;

(b) subject to Paragraph 3.1 (**Conditions Precedent**) (if applicable), in the case of (I) above the Parties will submit matching instructions to Clearstream under Paragraph 3.3(c) (**Calculation of Credit Support Amount and matching notifications to Clearstream**) to the extent of the undisputed amount not later than the Notification Time on the relevant Transfer Date;

(c) the Parties will consult with each other in an attempt to resolve the dispute; and

(d) if they fail to resolve the dispute by the Resolution Time, then:

(i) in the case of a dispute in relation to (I) above involving a determination of Credit Support Amount, each Party (or the Calculation Agent (IM) (if applicable)) will recalculate the Credit Support Amount as of the Recalculation Date by using the procedures specified in Paragraph 13 (**Elections and variables**) for calculating the Credit Support Amount; and

(ii) in the case of a dispute in relation to (II) above involving the Market Value of any Eligible Collateral, the Collateral Valuation Agent (to the extent it is not Clearstream) will recalculate the Market Value as of the Collateral Valuation Date relating to the original Transfer Date pursuant to Paragraph 13 (**Elections and variables**).

Following a recalculation pursuant to this Paragraph 4 (**Dispute Resolution**), the relevant Party (or the Calculation Agent (IM) (if applicable)) will notify the other Party not later than the Notification Time (in the case of a dispute in relation to (I) above) or one hour prior to the Valuation Deadline (in the case of a dispute in relation to (II) above), in each case, on the Local Business Day following the Resolution Time of its recalculation. Following such notice or a resolution pursuant to Paragraph 4.1(c) above, in the case of a dispute in relation to (I), the Parties will make the relevant matching instructions to Clearstream in order to make the appropriate transfer, subject to Paragraph 3.1 (**Conditions Precedent**) (if applicable) and in the case of a dispute in relation to (II), the relevant Party as Collateral Valuation Agent will notify Clearstream not later than the Valuation Deadline on the Local Business Day following the Resolution Time of the relevant recalculation.
4.2 **No Event of Default**

The failure by a Party to make a transfer of any amount which is the subject of a dispute to which Paragraph 4.1 (Disputed Calculations or Valuations) applies will not constitute an Event of Default for as long as the procedures set out in this Paragraph 4 (Dispute Resolution) (as supplemented by the provisions of Paragraph 13 (Elections and variables)) are being carried out (but without prejudice to a Party’s obligation to transfer the undisputed amount under Paragraph 4.1(b) (Disputed Calculations or Valuations)). For the avoidance of doubt, upon completion of those procedures, Article 7.1.1.8 (should the Master Agreement be in the form of a 2007 FBF Master Agreement or a 2013 FBF Master Agreement) or Article 7.1.1.9 (should the Master Agreement be in the form of a 2001 FBF Master Agreement or an AFB Master Agreement) of the Master Agreement (as amended under Paragraph 5.2 (Clearstream Risk) of this Agreement) will apply to any failure by a Party to make a transfer required under the final sentence of Paragraph 4.1 (Disputed Calculations or Valuations) on the relevant due date (subject to Paragraph 6 (Default)).

5. **HOLDING POSTED COLLATERAL**

5.1 **Eligibility to Hold Posted Collateral; Clearstream**

The holding of Posted Collateral by Clearstream in the Security-provider’s Secured Account in accordance with the terms of the relevant Clearstream Agreements will be deemed to be the holding of that Posted Collateral by the Security-taker. Prior to the enforcement of its rights under the relevant Security Agreement, the Security-taker will have no duty with respect to the Posted Collateral, including any duty to collect any Distributions, or enforce or preserve any rights pertaining to the Posted Collateral.

5.2 **Clearstream Risk**

Unless otherwise specified in Paragraph 13 (Elections and variables), the Parties acknowledge and agree that, with respect to a Party as the Security-provider and the other Party as the Security-taker:

(a) the Security-provider will be liable for the acts or omissions of Clearstream to the same extent that Security-provider would be liable hereunder or under the relevant Security Agreement for its own acts or omissions and any such act or omission of Clearstream will be deemed to be the act or omission of the Security-provider for the purposes of Paragraph 6(a) (Default) unless “Clearstream Event” is specified as applicable in Paragraph 13 (Elections and variables), in which case, the consequences of any act or omission of Clearstream that constitutes a Clearstream Event will be as set out in Paragraph 13 (Elections and variables);

(b) the Security-taker will not be liable for the acts or omissions of Clearstream, including for the purposes of Article 7.1.1.8 (should the Master Agreement be in the form of a 2007 FBF Master Agreement or a 2013 FBF Master Agreement) or Article 7.1.1.9 (should the Master Agreement be in the form of a 2001 FBF Master Agreement or an AFB Master Agreement) of the Master Agreement (unless arising directly as a result of the Security-taker’s failure to perform its obligations under Paragraphs 3.3 (Calculation of Credit Support Amount and matching notifications to Clearstream), 3.4 (Calculations of Market Value and determination of Value) or 4.1 (Disputed Calculations or Valuations) of this Agreement or Paragraphs 8.2 (Deficiencies and Excess Proceeds) or 8.3 (Final Returns) (or equivalent provisions) of the relevant Security Agreement under which the other Party is Security-provider (as applicable)); and
the Security-taker will not be liable for the failure of the Security-provider to provide matching instructions with it to the extent required hereunder in order to give effect to a transfer of Posted Collateral by Clearstream, including for the purposes of Article 7.1.1.8 (should the Master Agreement be in the form of a 2007 FBF Master Agreement or a 2013 FBF Agreement) or Article 7.1.1.9 (should the Master Agreement be in the form of a 2001 FBF Master Agreement or a AFB Master Agreement) of the Master Agreement.

5.3 **No Use of Posted Collateral**

(a) For the avoidance of doubt, and without limiting the rights of the Security-taker under the other provisions of this Agreement or the relevant Security Agreement, the Security-taker will have no right to sell, pledge, rehypothecate, assign, invest, use, commingle or otherwise dispose of, or otherwise use in its business any Posted Collateral, except as expressly permitted by or pursuant to the relevant Security Agreement and/or this Agreement.

(b) The Parties agree that the ‘reuse right’ (howsoever defined) will not be selected as applicable under any CMSA, to the extent any such election can be made.

5.4 **No Offset**

For the avoidance of doubt, no delivery or return of any margin under any Other Collateral Annex will be offset against (or netted with) any Delivery Amount or Return Amount under this Agreement.

5.5 **Rights Accompanying Posted Collateral**

At any time after the occurrence of an Enforcement Event with respect to a Party as Security-provider which is then continuing and without any further consent or authority on the part of such Party as Security-provider, only the Security-taker may exercise at its discretion (in the name of the Security-provider or otherwise) in respect of any of the Posted Collateral any voting rights and any powers or rights which may be exercised by the person or persons in whose name or names the Posted Collateral is registered or who is the holder or bearer of them.

5.6 **Ineligible Credit Support**

(a) Unless otherwise specified in Paragraph 13 (Elections and variables) upon effective delivery of an Ineligibility Notice by a Party with respect to a posting obligation of a Security-provider hereunder:

(i) each item (or a specified amount of such item) identified in such notice will, to the extent comprised in the related Posted Collateral, have a Value of zero on and from the Ineligibility Date with respect to such posting obligation for the purposes of this Agreement (for the avoidance of doubt, notwithstanding any contrary determination by Clearstream);

(ii) until the occurrence of such Ineligibility Date there shall Event of Default arising solely out of such type of items comprising Posted Collateral with respect to such posting obligation; and (iii) the Parties will use reasonable endeavours, as soon as reasonably practicable following effective delivery of such notice, to provide matching instructions to Clearstream (for the purposes of the amendment of Appendix A of the relevant CMSAs) that such item (or the relevant specified amount of such item) will be excluded as “Eligible Assets” in relation to the relevant Secured Account relating to such posting.
obligation with effect from the applicable Ineligibility Date in relation to such Ineligibility Notice.

(b) For the avoidance of doubt, property credited at any time to the Secured Account which does not constitute Eligible Collateral or which has a Value of zero, as applicable, will be subject to the security interest created pursuant to the relevant Security Agreement.

5.7 Reinstatement of Eligibility

(a) Upon a reasonable request by the Security-provider, the Security-taker will determine whether an item (or a specified amount of such item) that was the subject of a prior Ineligibility Notice would currently satisfy the Eligibility Requirements applicable to the Security-provider and/or the Security-taker in respect of the Security-provider’s posting obligation hereunder. If the Security-taker determines that as of such date of determination such item (or a specified amount of such item) satisfies such Eligibility Requirements, the Security-taker will, promptly following such determination, notify the Security-provider in writing of the same (a Reinstatement Notice) which shall render the relevant Ineligibility Notice rescinded with respect to such item (or specified amount of such item). Upon effective delivery of such Reinstatement Notice, the relevant item (or specified amount of such item) will no longer be deemed to have a Value of zero by virtue of such prior Ineligibility Notice.

(iv) the performance by it as the Security-provider of its obligations under this Agreement will not result in the creation of any security interest, lien or other interest or encumbrance in or on any Posted Collateral other than the security interest created under the relevant Security Agreement (and other than any lien routinely imposed on all securities in a clearing system or securities settlement system in which any such Posted Collateral may be held or any lien or security interest referred to in, or in connection with, the relevant Clearstream Agreements); and

This default interest will be calculated on the basis of daily compounding and the actual number of days elapsed.

10.2 **No Waiver of Rights**

Without prejudice to the rules regarding time limitation, a failure or delay in exercising any right, power or privilege in respect of this Agreement will not be presumed to operate as a waiver, and a single or partial exercise of any right, power or privilege will not be presumed to preclude any subsequent or further exercise, of that right, power or privilege or the exercise of any other right, power or privilege.

The Security-provider must comply with all requests for information which are within its knowledge and which are made under any law or regulation or by any listing or other authority or any similar provision contained in any articles of association or other constitutional document relating to any Posted Collateral. **Regime Table Definitions:**

(a) **Fallback to Mandatory Method** means, if specified as applicable in the Regime Table with respect to a Regime, ISDA SIMM™ will be the Method applicable to such
Regime, but if, to the extent that a Party notifies the other that it is mandatory under such Regime for such notifying Party to apply the Mandatory Method to one or more transaction types with respect to either the Security-provider's or the Security-taker's posting or collecting obligation, as applicable (specifying in such notice the relevant transaction types), then with effect from the later of (x) the date which is the [●] calendar day after such notice is effectively delivered and (y) the date specified in such notice as the date on which the Mandatory Method becomes mandatory under such Regime (and only in respect of Transactions of the relevant transaction type entered into after the later of the dates in (x) and (y)):

(i) SIMM Exception will be applicable solely with respect to such transaction types; and

(ii) the applicable Method for such transaction types will be the Mandatory Method.

(b) **Mandatory Method** means, if specified as applicable in the Regime Table with respect to a Regime, the Method applicable to such Regime is to determine the Margin Amount (IM) by reference to the methodology prescribed pursuant to such Regime which uses a standardised initial margin schedule (such that prescribed percentages are applied to notional amounts before being adjusted, including by a net-to-gross ratio (NGR)).

**General Principles**

Unless otherwise specified or agreed between the Parties, the following principles (the General Principles) will apply for the purposes of this Agreement and the provisions of this Agreement shall be construed accordingly:

(a) One Way Provisions: One Way Provisions are [Applicable, in which event, Posting Party for the purposes of One Way Provisions: [Specify Party]]/[Not Applicable];

(b) in respect of a Security-provider and its obligations to post Margin Amount (IM) hereunder, any reference to the term **Regime or Regimes** in this Agreement is to all Regimes that are specified as applicable in the Regime Table to the other Party as the Security-taker; **provided** that each such Regime will, subject to sub-paragraph (c) below, be included only from the date that the applicable law requires the relevant Security-taker to collect and/or, if applicable, such Security-provider to post initial margin under such Regime (and only for as long as it does so);

(c) for the purposes of sub-paragraph (b) above, where one or more Regimes are considered to be the substitute for compliance with one or more other Regimes for the purposes of a posting obligation hereunder, all such Regime(s) will nevertheless continue to be applicable absent agreement in writing between the Parties to the contrary;

(d) the Parties acknowledge that the Security-provider may nevertheless be obliged to post to the Security-taker under a regulatory regime which is not specified as a Regime with respect to the Security-taker in the Regime Table. In the event that the Security-provider determines that such regulatory regime requires the Security-provider to post an additional amount to the Security-taker, the Security-provider may request that the Security-taker accept such additional amount and the Security-taker will use reasonable endeavours to accommodate such request;
subject to sub-paragraph (f) below, ISDA SIMM™ is the specified Method for all Covered Transactions with respect to all Regimes (irrespective of asset class or, as applicable, category applicable to a Transaction under the relevant Regime), whereby:

(i) ISDA SIMM™ will refer to the version of ISDA SIMM™ applicable to the relevant Security-taker unless otherwise specified here: [Not specified]/[ISDA SIMM™ will refer to the version of ISDA SIMM™ applicable to [Party A]/[Party B]];

(ii) the margin period of risk will be as provided for in such version of ISDA SIMM™; and

(iii) the “SIMM Calculation Currency” (also known as “SIMM Reporting Currency”) means:

(A) in respect of Party A and its calculations, the [Base Currency/ [●]]; and

(B) in respect of Party B and its calculations, the [Base Currency/ [●]];

(f) if SIMM Exception is specified as applicable with respect to a Regime and a Security-taker in the Regime Table, then solely for the purposes of: (1) the relevant Security-provider’s posting obligation to such Security-taker; and (2) Covered Transactions falling within the relevant specified asset class or, as applicable, category under the relevant Regime, the Method will instead be as specified in the Regime Table;

(g) for all Regimes and posting obligations hereunder:

(i) in respect of a Covered Transaction under a Regime which the Parties agree constitutes a “cross-currency swap”, obligations to exchange principal will be disregarded for the purpose of determining the Margin Amount (IM) with respect to such Regime; and

(ii) the following approaches apply for the purposes of calculations in respect of the related type of Covered Transaction:

(A) Unless otherwise specified below, the relevant sensitivities to equity indices, funds and ETFs are addressed by the standard preferred approach where the entire delta is put into the applicable asset class/category for equity indices, funds and ETFs.

If alternative approach is specified here, the Parties agree that in respect of the relevant sensitivities, the delta is allocated back to individual equities in equity indices, funds and ETFs: [Not specified]/[Alternative approach].

(B) Unless otherwise specified below, the relevant sensitivities to commodity indices are addressed by the standard preferred approach where the entire delta is put into the applicable asset class/category for commodity indices.

If alternative approach is specified here, the Parties agree that in respect of the relevant sensitivities, the delta is allocated back to individual commodities in commodity indices: [Not specified]/[Alternative approach].
Unless expressly agreed otherwise in writing, any failure by a Party to use the applicable approach specified in this sub-paragraph (g) in its determination of the Margin Amount (IM) will not constitute an Event of Default, or Change of Circumstances under the Master Agreement in respect of such Party;

(h) if more than one Regime is specified in the Regime Table with respect to a Security-taker, then in respect of the Security-provider’s obligations to post initial margin hereunder to such Security-taker:

(i) the Margin Amount (IM) determined as of an Observation Date with respect to a Party as the Security-provider will be the Strictest Of; and

(ii) the Valuation Percentage and FX Haircut Percentage for all Regimes with respect to the Security-provider’s posting hereunder will be the Strictest Of;

(i) subject to sub-paragraph (h) above, in respect of a Security-provider and its posting obligation, each Valuation Percentage and FX Haircut Percentage will be as specified in Appendix A to the relevant CMSAs (as amended and/or supplemented from time to time) in relation to the relevant Secured Account, in each case, however defined therein;

(j) upon the crediting by Clearstream of cash to a Secured Account in accordance with the Clearstream Agreements, to the extent required by a Regime specified as applicable to its posting obligation, the relevant Security-provider will, within a reasonable period of time, credit its “Collateral Giver’s Account” with sufficient “Eligible Assets” such that such item shall be transferred out of the Secured Account and replaced pursuant to Paragraph 3.5 (Substitutions). For the avoidance of doubt, upon the expiry of such period, such cash shall not satisfy the Eligibility Requirements; and

(k) notwithstanding that a Regime is specified as not applicable in the Regime Table and that no initial margin amounts will be calculated for such Regime under this Agreement, the Parties agree that, with respect to a Party, Regime for the purposes of the definition of “Regulatory Event” and the proviso in the definition of “ISDA SIMM™” will include such Regime if it is specified as a “Substituted Regime” for that Party below:

Clearstream Event is [Applicable][Not Applicable].

If a Clearstream Event has occurred and is continuing after the CE End Date, it will constitute an additional Change of Circumstances as if an "illegality" event referred to in Article 7.2.1.1 of the Master Agreement had occurred, provided that:

(a) the 30-day period (or any other time period agreed between the Parties) referred to in Article 7.2.2.1 of the Master Agreement (should the Master Agreement be in the form of a 2007 FBF Master Agreement or a 2013 FBF Master Agreement) or Article 7.2.2 (should the Master Agreement be in the form of a 2001 FBF Master Agreement or a AFB Master Agreement) will be reduced to zero;

(b) each Covered Transaction will be a Transaction affected by such Change of Circumstances; and

(c) both the Security-provider and the Security-taker will be Affected Parties.

For as long as the Clearstream Event is continuing but on or prior to the relevant CE End Date, the Security-provider will attempt to identify a replacement custodian which is reasonably acceptable to the Security-taker and the Parties agree to use reasonable endeavours to negotiate in good faith a successor control agreement with a replacement custodian and implement such amendments to the terms of this Agreement (and any related Security Agreement) and/or enter into such additional documents (including, if required, a new collateral transfer agreement and/or security agreement) as are reasonably necessary.

Following a Clearstream Event under limb (3), if Clearstream ceases to perform collateral management services under the Clearstream Agreements, any failure to make a transfer of Eligible Collateral, Posted Collateral or Distributions as required under this Agreement shall not constitute an Event of Default in respect of either Party.

If Clearstream Event is applicable, any event or circumstance that constitutes or gives rise to a Clearstream Event will not also constitute or give rise to an Event of Default under Article 7.1.1.8 (should the Master Agreement be in the form of a 2007 FBF Master Agreement or a 2013 FBF Master Agreement) or Article 7.1.1.9 (should the Master Agreement be in the form of a 2001 FBF Master Agreement or a AFB Master Agreement) of the Master Agreement.

As used above:

**Clearstream Event** means, with respect to the Security-provider and its posting obligation hereunder:

(1) any failure of Clearstream to comply with instructions sent by the Security-provider in accordance with the relevant Clearstream Agreements (or deemed to be given by the Security-provider under AutoAssign mode pursuant to the Clearstream Agreements) to effect any transfer obligation of the Security-provider in accordance with this Agreement, including, for the avoidance of doubt, as a result of Clearstream exercising its rights under Article 35 of the General Terms and Conditions or its right to suspend
services pursuant to Article 56(2) of the General Terms and Conditions (other than, in any case, any such failure caused solely by the action or inaction of the Security-provider, including a failure by the Security-provider to have sufficient “Eligible Assets” credited to its “Collateral Giver’s Account”);

(2) Clearstream ceases to comply with or perform, or is otherwise unable to comply with or perform, any agreement or obligation to be complied with or performed by it in accordance with the relevant Clearstream Agreements (including determining the Value or Market Value of Eligible Collateral);

(3) notice by Clearstream is given to the Parties to terminate any of the Clearstream Agreements (or the services thereunder with respect to the Secured Account) or any of the Clearstream Agreements (or the services thereunder with respect to the Secured Account) expires or terminates, whether in accordance with the terms thereof or otherwise (unless caused by a breach of covenant under Paragraph 7.1(b) (General Unilateral Rights) or where such termination is the result of the provision of matching instructions by the Security-provider and Security-taker);

(4) Clearstream disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of any Clearstream Agreement; or

(5) Clearstream makes a unilateral amendment to the terms of any of the Clearstream Agreements or its status otherwise changes, in either case resulting in either of the Parties ceasing to be in compliance with its regulatory obligations as determined by such Party acting in good faith and in a commercially reasonable manner.

**CE End Date** means, in relation to a Clearstream Event, the earlier to occur of:

1. (A) other than in the case of a Clearstream Event with respect to limb (3) of the definition of Clearstream Event (a Clearstream Resignation Event), the day falling [[90] calendar]^{12} days after the occurrence of such event;

   (B) in the case of a Clearstream Resignation Event where (I) advance notice is given of such termination in accordance with the Attachment to Appendix E to the CMSA or (II) if relevant, the disposition of the Posted Collateral is subject to clause 3(f) or 4(f), as applicable, of the Attachment to Appendix E to the CMSA, the later of:

   (x) in respect of (I):

   (A) the date the notice is given; and

   (B) [the [28th] calendar]^{13} day to fall prior to the date on which the relevant CMSA will terminate in accordance with its terms with respect to such notice (such date of termination under the relevant CMSA being the Release Date); or

(i) a Termination Date has been designated as a result of a Clearstream Resignation Event; and

(ii) only one Party has effectively provided a notification (the **Timely Statement**) to the other Party pursuant to Article 8.2 of the Master Agreement on the later of (I) the date falling [[18] calendar]^{14} days prior to the Release Date and (II) the [[2nd]^{15} Local Business Day] after the date on which notification of such Timely Statement to the other Party is effective,

then, notwithstanding the provisions of Article 8.1.1 of the Master Agreement, the amount payable under Article 8 shall be determined and be payable solely on the basis of the Timely Statement (as if, for all purposes, the Party which has provided the Timely Statement were the Party which is not the Affected Party and the other Party were the sole Affected Party); or

(C) in case of a Clearstream Resignation Event where there is no advance notice of termination provided in accordance with the relevant Clearstream Agreement and the disposition of the Posted Collateral is not subject to clause 3(f) or 4(f) of the Attachment to Appendix E to the CMSA, the date the relevant Clearstream Agreement (or the services thereunder with respect to the Secured Account) expires or terminates; and

2. effective delivery of a written notice by a Party that a Regulatory Event has occurred with respect to such Party in respect of such Clearstream Event (specifying in reasonable detail in such notice the nature of such Regulatory Event).

Regulatory Event means, in respect of a Party and a Clearstream Event, that:

(1) such Party has received notice in writing from the relevant governmental or regulatory authority with proper jurisdiction that it has ceased or will cease to comply with its regulatory obligations under any Regime; or

If Collateral Access Breach is applicable and a Collateral Access Breach has occurred and is continuing after the CAB End Date, it will constitute an additional Change of Circumstances as if an "illegality" event referred to in Article 7.2.1.2 of the Master Agreement had occurred, provided that:

(A) the 30-day period (or any other time period agreed between the Parties) referred to in Article 7.2.2.1 of the Master Agreement (should the Master Agreement be in the form of a 2007 FBF Master Agreement or a 2013 FBF Master Agreement) or Article 7.2.2 (should the Master Agreement be in the form of a 2001 FBF Master Agreement or a AFB Master Agreement) will be reduced to zero;

(B) each Transaction will be a Transaction affected by such Change of Circumstances; and

(C) the Breaching Party will be the sole Affected Party.
