

The FBF

The French Banking Federation (FBF) is the professional body representing all banks operating in France.

FBF's presentation

330 MEMBER BANKS

The FBF's mission is **to promote the banking and financial industry in France, in Europe and around the world**. It determines the profession's positions and makes proposals to public authorities and economic and financial authorities.

The FBF represents 330 banks, including 117 foreign banks*. Regardless of their size or their legal form, credit institutions licensed as banks and the branch offices of credit institutions in the European Economic Area can, if they wish, become full members of the FBF, which then becomes their professional body.

The central bodies of cooperative or mutual banking groups and the AFB** can also become full members.

A STAFF OF 128 EMPLOYEES

128 permanent employees work at the FBF and the AFB, in conjunction with more than **400 bankers** who take part in commissions and committees. These bodies meet regularly to formulate positions and to launch initiatives. Decision-making relies on preparatory work by experts from the FBF, technical committees or 80 ad hoc working groups. **Discussions with members are therefore central to the Federation's work.**

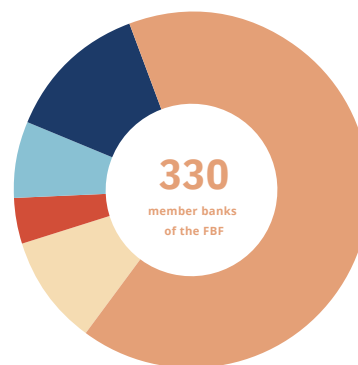

INFLUENCE IN FRANCE AND ABROAD

The FBF is located in Paris and also maintains offices in Brussels. The FBF is also throughout France via **a network of 103 regional and departmental committees**. This network draws on the services of over 2,500 bankers who regularly meet with local business and government representatives and convey the industry's positions.

The FBF is a member of the European Banking Federation (EBF). ●

* As of 1st January 2023.

** The French Banking Association (AFB), representing 167 banks, sits on the FBF's executive committee. It is the professional body representing commercial banks for employee-related matters (banking collective labour agreement).

64% French banks
15% EEA branch offices
8% Non-EEA branch offices
3% EEA subsidiaries
10% Non-EEA subsidiaries
